*All human beings, from the moment of conception, have the right to life, the basic right on which all others depend*

**Welcomes:**

Students from the Peel Dufferin Catholic School Board

**The number one reason why people ask for assisted death is not 'unbearable pain' but actually 'fear of suffering?' The second reason why people ask is because they are depressed about their situation.**

**Lawmakers are already considering extending the law to include people under 18 and to newborns who are 'terminally impaired'. The need to equip our young people with the truths of the Gospel and the experiences of other countries is imperative.**
