

Right to Life Association of Mississauga and Area
(Mississauga-Brampton)

All human beings, from the moment of conception, have the right to life, the basic right on which all others depend

President’s Message

Dear Friends of Life:

This year, the Covid-19 pandemic has disrupted our ability to promote our mission effectively through ways we have done in the past. It has caused us to increasingly recognize the digital world and its use in promoting the pro-life message. A problematic challenge has been not knowing what will happen next and what further restrictions we must endure. Canada is indeed a diverse country. Yet, we notice more and more diversity of thought being restrained especially on life and family issues. This is alarming since such restraints may affect getting God’s truth to the people. Yet despite these challenges, I reflect on our activities this past year and the many blessings we received. I am in awe that God’s providence has guided us throughout.

A lot was accomplished, but now we must go forward into 2021, inspired by the apostles who ran from the empty tomb to tell the world that Life, not death, is what God wants for us and from us. Let’s celebrate the fact that we are the People of Life! “I came to give Life, in all its fullness” (JN10-10).

There will be many opportunities for you to participate in pro-life events this year. Do not allow the pandemic to take this from you. Here are some of the upcoming events:

CPR-Core Pro-Life (CPR) Response in conjunction with Toronto Right to Life. Learn how to talk the pro-life language to others from experts . The first virtual session is April 14th. We plan to offer more sessions throughout the year. Stay tuned to our website!

National March for Life 2021. The largest pro-life event in Canada, which started in 1998, will be an on- line, or maybe even a “hybrid” event due to COVID19 restrictions. Toronto March for Life 2021 will make the pro-life message visible in the Greater Toronto Area. See Important Dates to Remember.

Right to Life Mississauga & Area will be holding its Annual General Meeting virtually on June 12th, featuring guest presenter, Phil Horgan, Executive Director of Catholic Civil Rights League. CCRL was founded to defend civil rights in Canada opposing defamation against Catholics on the basis of belief. Join the AGM to stay informed on key Catholic and Christian civil rights issues.

This September, we will be kicking off the 10th Anniversary of 40 Days for Life. Although abortion has not gone away in Canada, we must continue in true faith bearing witness to faith and mercy. Social issues that challenge the moral premise of society can often stretch out for great lengths of time. I don’t know how God turns a prayer on the sidewalk into something to prevent an abortion. However, I pray anyway, knowing He will do it on His time. We want to see you praying at the vigil site!

Dear friends of Life, all of us at Right to Life Mississauga & Area will continue to do the most basic thing we can do in our present culture and climate, which is defend the innocent, the beautiful and the most vulnerable among us. We simply can’t settle for 52 years of legalized abortion. We don’t have to wait for amoral governments to correct a moral crisis. We can do it ourselves with God’s leadership. We hope and pray that you will join us in supporting the value of human life, affirming the great power of our Lord in this country. May our Risen Saviour, Jesus Christ be with you and your loved ones.

Membership Update

Dear Cherished Defenders of Life – Thank you!

It seems at times that we are no further ahead from where we were a year ago. At the same time, we are extremely grateful for the support of our cherished Members during our fiscal year 2020. We maintained a reasonably healthy paid membership renewal rate in 2020, in spite of circumstances. At the same time, we were forced to hold back on some of our planned expenditures including the funding of school buses for area students to attend the 2020 March for Life in Ottawa.

In 2020, we did re-invest in hand-held signs and placards for 40 Days for Life and Life Chain. These signs provided a refreshed look and poignant pro-life messaging in support of these key vigil events. We are also planning to assertively promote and support the 10th Anniversary of 40 Days for Life Mississauga, a significant milestone. We also know that at some point we will be resuming a meaningful on-site presence at the March for Life in Ottawa.

Our cash on-hand combined with your 2021 Membership Renewal will enable us to increase our presence and support of pro-life initiatives. We will continue to deliver the pro-life message by providing materials to local churches and community groups, and will continue to support our partners embodying the pro-life cause including Alliance for Life, Sisters of Life, Euthanasia Prevention Coalition and National Campus Life Network.

If you have not already done so, please send in your 2021 renewal as soon as possible to ensure that we can budget for initiatives for fiscal year 2021. For your contribution by December 31, 2021, you will receive a tax receipt. You can mail your check to the address listed on the Membership form or contact righttolifemb@gmail.com to arrange for payment. We are also now looking to support receiving sustaining monthly contributions from members. Reach out to us at righttolifemb@gmail.com for details.

We are looking to attract additional members to Right to Life Mississauga & Area. Let us know how we can support you in helping to bring new members onboard. We must continue to educate and deliver programs which carry the message that “All human beings, from the moment of conception through natural death, have the right to life, the basic right on which all others depend”.

Please see page 10 (back page of newsletter) for the Membership Renewal/New Membership form along with completion and payment instructions.

Looking for Volunteers for open positions!

Pastor’s Corner

In each Newsletter, our Parish Priests are invited to share their thoughts on Right to Life issues.

Submissions by local Priests and Religious will resume in the next edition

“...if the family is the sanctuary of life, the place where life is conceived and cared for, it is a horrendous contradiction when it becomes a place where life is rejected and destroyed. So great is the value of a human life, and so inalienable the right to life of an innocent child growing in the mother’s womb, that no alleged right to one’s own body can justify a decision to terminate that life, which is an end in itself and which can never be considered the “property” of another human being.”

— His Eminence Pope Francis

Important Dates to Remember 2021 - Upcoming Events

From Our Youth Ministry

A Presentation from Michelle Caluag, Executive Director, Toronto Right to Life to Youth

Sponsored by Right to Life Mississauga & Area

In February, our youth ministry was blessed with the opportunity to have Michelle Caluag, Executive Director Toronto Right to Life, as a guest speaker to present to our teens in Grades 9 to 12. Michelle spoke about abortion and tackled the difficult question – is abortion a human right or a human rights violation? In a society where abortion is easily accessible and often encouraged to those with unwanted pregnancies, abortion is often recognized as a human right.

However, Michelle was able to deliver an insightful presentation that challenged this way of thinking and gave our youth a lot to reflect about. Many of the youth who attended, left the event feeling more informed about the “medical procedure” and re-affirmed that we should all be advocating for life at all stages instead.

Michelle accomplished this by focusing on the proposed question, “where does life truly begin?” She walked us through all stages of fertilization through development of the fetus in an easy way for us to understand. Slowly but surely, as the facts continued to be shared, and as we watched the videos our teens saw the reality that society often does not speak about. These fetuses are human beings that we should be protecting at all developmental stages. Michelle also shared real life examples, hi-liting real mothers and their children, which really put everything into perspective.

We are so grateful to Michelle for taking the time to educate our youth on abortion, as it is often seen as a taboo or “awkward” topic to speak about. It’s important that our youth are being informed on matters such as this, and are given safe spaces where they can ask questions and speak to knowledgeable persons, who can ultimately guide them in their thought processes so that they can make educated decisions now and in the future. Thank you Right to Life Mississauga & Area for sponsoring this event and Toronto Right to Life and Michelle for her time and for being a great resource for us.

Annual General Meeting FY-2020
(June 12, 2021)

Right to Life Mississauga & Area – Virtual FY2020
Annual General Meeting Sat. June 12th 10:00am – 11:30am

The Right to Life Mississauga & Area will host its FY 2020 Annual General Meeting featuring Keynote Speaker, Phil Horgan, President, Catholic Civil Rights League (CCRL), who will enlighten us on the key legal and rights issues and battles of the day.

Keynote Speaker

Philip Horgan

Philip Horgan obtained a B.A. from the University of Toronto, and a J.D. from Queen’s University. He was called to the Bar in 1988, and served in large and small firms, before opening his own practice in 1996. His general practice involves a broad range of services, from litigation in constitutional issues, construction, employment, insolvency, defamation, and family areas, to general practice in wills and estates, real estate, and entrepreneurial engagements. He has appeared in trial and appellate courts across Canada, and has participated in numerous cases before the Supreme Court of Canada. Mr. Horgan was elected as a benchler of the Law Society of Ontario in 2019, and was thereafter appointed to serve as an adjudicator of the Law Society Tribunal. Mr. Horgan also serves on the Senate of the University of St. Michael’s College in Toronto, and on the boards of charitable and non-profit agencies, including the Thomas More Lawyers’ Guild of Toronto, the Faith and Freedom Alliance and the Catholic Civil Rights League.

Your newsletter, Right to Life and educational web-sites, special events, and guest speakers will continue to provide you with education on the issues.

To receive a copy of the Newsletter via e-mail, please send an e-mail to: righttolifemb@gmail.com with the Subject: “Send Newsletter Via E-Mail”

40 Days for Life – 10th Anniversary

September 2021 marks the 10th anniversary of the 40 Days for Life campaign in Mississauga. It has been an amazing opportunity to impact our society, locally, for the glory of God and the protection of all His children, including the pre-born.

There is so much to recall and rejoice about and so many victories that happened in our community that we plan to share with you. We hope and pray that you will continue in the months and years ahead to support the value of all human life. Stay tuned to all that is happening by visiting our website (www.righttolifemb.com/40daysforlife) and as we get closer to the campaign you will be able to log into the 40 Days for Life/Mississauga website to join us in the prayer vigil.

Prayer & Fasting

Knowing that “with God, all things are possible,” people of faith and conscience unite in 40 days of prayer and fasting. Christ told us some demons can only be driven out by prayer and fasting. The two go hand in hand. Prayer keeps us rooted in the fact that it is our desire to carry out God’s will. Fasting is a sacrifice that helps us reach beyond our own limitations with God’s help.

The visible, public centerpiece of 40 Days for Life is a focused, 40-day non-stop, 7:00am-7:00pm prayer vigil across from the abortion facility. It is a peaceful and educational presence. Those who are called to stand witness during this daily presence send a powerful message to the community about the tragic reality of abortion.

Constant Vigil

Community Outreach

During 40 Days for Life, the message is taken proactively to every corner of the community, driven by local Parish pro-life groups, through church announcements, pro-life masses, newsletters and outreach by local pro-life associations to members and Knights of Columbus councils. It is our hope that peer-to-peer conversations will motivate even more participants to invest at least one hour (and more) in silent and prayerful witness over the course campaign.

In 2020, we were undeterred by Covide-19 by providing hand sanitizer and safe distancing guidelines (clearly marked at the vigil site). We expect that as vaccinations continue to roll-out across the community during the summer and into the fall, we will see greater numbers of participants covering even more hours throughout the 40 days.

Mark your calendars for this fall. Campaign runs from Sept.22 to Oct 31 2021. Help us to spread the message... we are depending on you!

Sisters of Life

Dear Jolanta and Friends at Right to Life !!!

Happy Easter! Christ is Risen! Thank you so very much (Right to Life Mississauga & Area) for responding so generously to our plea for diapers. You have lavished our women and babies with all the love and support. Thank you so much and know of our prayers. We received the boxes of diapers and wipes (thank you so much!!)- we literally ran out of size 4, 5 and 6 and now thanks to all of you, we have enough to give to the moms we serve.

God bless you all!
With heartfelt gratitude,
In Christ,
Sr. Avelina Joseph

In the News

Much love, More than a glimmer of hope

Introduction by Jolanta Galazka, President Right to Life Mississauga & Area with heartfelt reflection by Mary Wagner, Pro-life hero

Supreme Cowardice of Canada

On February 18, 2021 the Supreme Court of Canada refused, without providing reasons, to hear the constitutional case launched by Mary Wagner. This challenge was to address what her lawyer, Charles Lugosi (a Constitutional lawyer) called a “once-in-a-century” question...“does Parliament have authority to define who is and who isn’t a human being”. “To pretend an unborn child is not a human being is a fantasy,” said Lugosi. Mary’s legal team had the scientific testimony of expert witnesses to prove the humanity of the unborn child. Common sense, biology, makes it all clear. Yet recognizing this would have opened the abortion issue wide open, something that our elected officials are deadly afraid of. “If an unborn child is a human being there is no legal principle in common law that permits abortion, which would be culpable homicide under common law”, said Lugosi.

Upsetting and discouraging as this was for all who faithfully continue to fight for the unborn, we must not lose hope. Hope risen from ruin drives persistence. Let us keep our heads up, believe that God is victorious. Mary’s words to us are encouraging...

**Much Love and in Communion of Prayer**

“The Supreme Court's rejection of our application to appeal on behalf of our most vulnerable brothers and sisters disappointed many, to say the least. Much prayer and generosity poured forth from so many people who hoped that our case would help to end the killing in our country of over one hundred thousand helpless babies every year.

Even though this case was a very important fight to fight-because, as Dorothy Day remarked, "The law helps us to be good"- and even though it hit me hard to consider the ramifications of this refusal and the possible spiritual implications for the judges who refused to hear our plea, I have not lost hope. I strive to live as a Christian and am encouraged by what Mother Teresa had said many times: "We are not called to be successful, but faithful". She did not mean that successfully reaching our goals does not matter. She meant that our most important goal as Christians is to cling to Christ; to be faithful to Him till the end- to the Cross- and that it is up to Christ to work things out as He knows best.

More and more, Mary, Mother of Jesus and Our Mother, helps me to have hope, and she leads me to grasp that, indeed, Christ is our Hope. She said "Yes" to becoming the mother of the Saviour of the world. She did not know in advance how much suffering there would be, how much she would have to endure because of what her beloved Son would endure... but she could never lose hope, because she had faith in the promise of the Father and in her Son who said, "Whoever believes in me, even if he dies, shall live"(John 11:25).

There is much darkness in the world around us, (and this Lenten season provides more opportunities for the essential work of facing the darkness within our own hearts and bringing it to Jesus), and only the Light of Christ can cast it out. I must admit that sometimes I wonder how much worse things can get... But then I remember that the worst already happened on the day that Jesus was crucified.

Mary lived through the worst moment in history. As Jesus agonized on the Cross, as He gasped for his last breath, as He was buried and remained in the tomb, she experienced unfathomable suffering, yet she did not give up; she did not despair. She held fast to the promises that were made, even when she did not understand. Her faith was rewarded when she saw her Son on that first day of the week, her Son who says of Himself "Behold, I make all things new"(Revelation 21:5).

Since Mary has walked through the valley of the shadow of death, let us look to her to help us to "fear no evil", and to keep our gazes fixed on the One who has conquered death in all its forms and whose Victory lies in "making all things new", especially the human heart, through his Cross and resurrection.

Upon thanking Mary for her heartfelt reflection, she responded with the following: “You are welcome. I thought afterwards that I did not write it as a letter but more as a reflection... I am praying for your group! Please remind them that those who have been involved in killing the babies have witnessed fewer abortions whenever someone is outside praying!”

Stories That Inspire Us

Interview for Saturday Prayer Group

Maximilian Kolbe Parish Pro-life members interviewed by Jolanta Galazka

Members of Kolbe Pro-life group at St. Maximilian Kolbe parish meet faithfully every Saturday morning, rain or shine, at the abortion clinic in Mississauga near the Trillium Hospital. The prayer ministry has been ongoing for many years. They are a prayerful witness to the atrocity of abortion in Canada. Their prayers are directed for the unborn, their mothers and fathers, all who promote and carry out abortions and our country where the killing of babies in the womb is legal under the law. St. Maximilian Kolbe’s commitment serves as a model for constant vigilance for other parishes to follow. Here is a short interview with some of the members.

Jolanta: Are you praying here all year round?

Leader: Tom S. and wife Monika

Yes. We have a well-established pattern every Saturday morning. We start with the Holy Mass at our parish at 8 AM. We arrive later by car; we have convenient free parking at nearby St Catherine of Siena church. We walk to Queensway Blvd. and Confederation Parkway and stand on the southwest side of Queensway for about an hour reciting the Rosary and Divine Chaplet.

Jolanta: How is it different presently from the time you first began?

It is different for many reasons; first we can see that there is more openness to this in the Polish parish community, perhaps because now there are fewer group meetings and people have a need to have prayerful contact with others. We do face obstacles due to more and more restrictions in Mississauga. The “bubble zones” started two years ago, so we had to move. We used to stand right next to the abortion clinic and were more visible to people who entered the building. Although we have to stand further away, it is not a problem because we are now very visible to people passing by on the Queensway. Due to Covid-19, we now have social distancing, but that too we see as an advantage in the sense that when we are more stretched, we are also more visible. Therefore, it does not bother us at all. We do have marked places on the street for distancing. All in all, we do not allow these restrictions to deter us from doing our part...to pray

Jolanta: Sometimes people who defend life do not see immediate “fruits of their labour” and become discouraged. What do you say to that?

Every prayer always bears fruit. It is obvious that we would like to see fruits of our efforts right away. When it was the 1st or 2nd day of the 40 Days for Life campaign, we asked for a sign that God would confirm that these prayers were heard. He gave us many signs and testimonies from people that we should continue to pray. That is what is important. There were women who approached us when we were able to stand closer to the clinic and thanked us that they needed a sign and our presence was that sign.

Jolanta: Are there any signs of sympathy or hostility from the drivers of passing cars?

I must honestly say that I have noticed more expressions of support than hostility. There are more friendly gestures of support.

Jolanta: Do you not feel tired, that the batteries are depleted, that this civilization is ignoring us; ignoring the calls to protect life, not only for babies conceived , but also the elderly?

Participant: Halina P.

At times yes, but that is when I turn to God and wait. During those times , we must remain steadfast and diligent, continuing to pray. God is orchestrating the “bigger picture” while all we see is the present, so it is best to trust Him to intervene in our weak moments. Our Lord asks us that “everything you do for the least of these, you do unto me”, so I feel that it is the minimum I can do for Him, to come here and pray once a week and be a public witness for Him.

Human Rights Argument - The Science Really Is Simple!

BY QUIANA CASAMAYOR, Canadian Centre for Bioethical Reform April 1, 2021

My colleague, Cam, often tells people that he doesn't use the principles he learned studying for his biology degree while having conversations about abortion. Instead, he uses those he learned in his ninth-grade biology class. As many times as I've heard him say that and as many times as I've shared that simple science in my own conversations, I wasn't fully convinced that was all that I'd need...until a couple weeks ago.

The basic questions of the Human Rights Argument – “If something is growing isn't it alive?” and “If that living organism has two human parents isn't it human?” – are powerful. I've personally witnessed numerous people change their opinion on abortion as they answered them. They're simple, but they work!

The question which lingered at the back of my mind was: would they always? They may work ninety-five percent of the time, but if I met with someone from the five percent of the population who has dived deeper into the study of science. What would I say to them?

Well, that's just what happened a couple weekends ago while our volunteer team was out knocking on doors. Paired up with one of our wonderful new volunteers, I began a conversation with a lady who was sitting out on her front step. When I asked what she thought about abortion, she didn't hesitate.

“I'm pro-choice,” she said.

Then she brought up some of the difficult situations a pregnant mother may have to face. We talked through those and slowly made our way to the science of when life begins and the question, what are the pre-born?

That's when she stopped me and said, “I know all about the science. I'm a scientist.”

I paused for a second, as thoughts such as why did I get this street? and she should really talk to Cam! raced through my mind. Thankfully, I remembered the advice I've heard so many times: stick to the apologetics.

So, I said, “That's really cool! So, I guess you know then that the science is pretty simple. I mean, if something is growing – even from one cell, to two cells, to four – isn't it alive?”

Her brow furrowed. “Yes, I guess so.”

“And if that living organism has two human parents, isn't it human?”

She hesitated.

I said, “Dogs have dogs, right? And we know that cats always reproduce cats, right? So, what do humans make when they reproduce?”

“Well, another human.”

I smiled. “Right! So, if abortion intentionally ends the life of that human, wouldn't that mean abortion is a human rights violation?”

Our conversation continued for a few minutes after that and in the end, she said, “I've never thought through abortion in that way before.” She agreed abortion is wrong and said she'd learned something from our conversation.

I had too!

I experienced something which had previously just been head knowledge. I realized that the science is the same for all of us, including those who have studied it at a far greater depth than I have, and the facts really are simple.

The question which remains is what will we choose to do with them?

The National March for Life in Ottawa, typically the largest annual protest on Parliament Hill, takes place in May to mark the passing of the 1969 omnibus bill which decriminalized abortion. Pro-lifers rally in front of our Parliament building and march through

downtown Ottawa, demanding that our political representatives fight for the right to life of every human being.

The National March for Life is organized by Campaign Life Coalition. The event is a forum for pro-life Canadians to demand justice for the 100,000 children who are killed in their mothers' wombs each year across Canada. Abortion is fully funded by taxpayers for any reason or no reason at all, right up to the moment of birth.

The National March for Life began in 1998 with a mere 700 pro-lifers in attendance. At first, there was a bit of support for the March from political, cultural and spiritual leaders, but as the event grew, they started coming. Every year the event has grown dramatically. It brings together Canadians of all ages, including thousands of young people.

Each year, we arrange for several speakers including pro-life parliamentarians, religious leaders and activists, to deliver statements that inspire and encourage Canadians gathered on the steps of Parliament Hill to take action.

Afterwards, thousands of pro-life Canadians begin to march through the streets of Ottawa. They are led by the Ottawa police and volunteer marshals, who keep the route safe and clear.

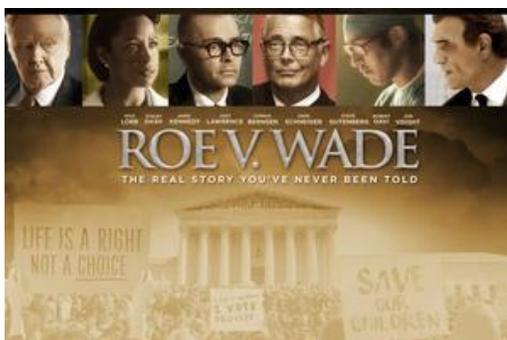

When the March ends, people re-assemble on the lawn of Parliament Hill and listen to moving post-abortion testimonies by the Silent No More Awareness Campaign, which are followed by a prayer service.

Due to the Covid-19 pandemic, the 2020 march was entirely virtual featuring pro-life movie nights on our YouTube Channel, an online candlelight vigil, online religious services, and a special 'Be Not Afraid' television program on EWTN, followed by a LIVE Virtual Rally and March.

For 2021, we are planning a 'hybrid' event with an in-person Rally and March for Life in Ottawa plus a full program of virtual events. Stay tuned for details.

For more information on the March for Life Ottawa 2021, please see www.marchforlife.ca.

Movies on-line

This new film details the events surrounding the now infamous Supreme Court case in 1973 which led to the elimination of restrictions on abortion. Since that time nearly 70 million American pre-born children have been killed as a result of this decision. The film released April 2, 2021 is available on Amazon Prime and Netflix. Visit the movie trailer for Roe vs. Wade at <https://bit.ly/3dimqti>

"Finally, a movie has arrived that actually gives us the facts on how the Roe Vs. Wade decision was arrived at. It will certainly raise some eyebrows! It is great that so many great actors came to together to tell this important and serious story. This is what filmmaking is all about. Everyone no matter their political position should watch this movie."

2021 New Membership/Membership Renewal Form

Instructions:

For New Memberships...

Please clearly fill out the form below with your name, address and contact information, including e-mail address, and check-off the box for “New Membership”. Write “2021” in the Membership Year and check the box for either “Individual” or “Family” donation. You can support Right to Life Mississauga & Area with additional Supportive Donation amounts listed on the form, or any amount above the Membership Fee. Right to Life Mississauga & Area will record any additional money above the Membership Fee as a “Supportive Donation”.

For Membership Renewals...

Please resubmit a filled-out form with your name, check-off the box for “Membership Renewal” and write in “2021” in the Membership Year. Please provide any updates or changes to your contact information over the past year. If there are no changes to your contact information, please simply fill in the form with your full name and check the box next to “Membership Renewal”. Write “2021” in the Membership Year, check off “Individual” or “Family” Membership and enter the total amount of your donation.

Make your cheque payable to “Right to Life Mississauga and Area” and place the Membership Form and cheque in the enclosed envelope and mail it to RTLMB 6756 McLaughlin Rd, Unit# 203, Mississauga ON, L5W 0G6. You can also send an e-mail to righttolifemb@gmail.com with “Membership Renewal 2021 in the Subject line (if you are already a Member), stating your intent to renew, and a Board member will reach out to you for payment. Please send in your 2021 renewal as soon as possible to ensure that we can budget for events and initiatives for the fiscal year.

Please clearly write your e-mail address so we can correspond with you and send out your tax receipts via e-mail. A Tax Receipt for the 2021 tax year will be sent to you via mail or e-mail.
